**Christopher Marler
I have had**

the privilege of knowing Christopher for over 25 years and knowing of him and his reputation for waterfowl breeding much longer.

Christopher was fascinated by waterfowl from an early age, and persuaded his mother to buy him ducks and geese from Reginald Appleyard including Chinese geese a breed he kept all his life.

I think everyone will agree they will remember Christopher for his boundless enthusiasm for the hobby. HE was one of the few people to be successful exhibiting domestic waterfowl as well as breeding wildfowl. He achieved the first recorded breeding in the UK of several species particularly swans.

Christopher was also interested in cattle and had well known herds of Belted Galloway and Beef Shorthorn.

As well as keeping this menagerie he was involved in the management of various breed Society's and Associations . The British Waterfowl Association of which he was patron and past president twice probably wouldn't exist today without his input in the late sixties.

Christopher enjoyed auctions and wasn't afraid to get up on the rostrum himself for a charity auction or as a auctioneer at B.W.A auctions at Stoneleigh. On a personal note, I am grateful to him for helping my own auctioneering career as he was instrumental in me being employed as the B.W.A apointed auctioneer alongside him at Stoneleigh when others felt I was to young.

Christopher was making preparations for new pens for next year just before he died. His enthusiasm made you forget that he was in his late eighties.

Christopher left instructions in his will that his collection was to be sold by auction and I am truly honoured that his request was that I conduct it.
